

PRESS RELEASE
FIRE HYDRANT FLUSHING

The Waynesboro Water Department will begin flushing all fire hydrants in the Borough's water service area on Tuesday, April 1, 2025. This program is a necessary distribution system maintenance function in which sediment is expelled from the distribution system by opening fire hydrants and flowing them until the water appears clear. The flushing program also allows Water Department personnel to assess the proper operation of the fire hydrants.

Some customers in the water service area being flushed may experience brief water discoloration and slight pressure fluctuations. Borough personnel will do everything in their power to keep these conditions to a minimum.

THE HYDRANT FLUSHING SCHEDULE IS AS FOLLOWS:

<u>Day 1 (Tuesday, April 1)</u>	Country Club Estates, Woodcrest and Old Forge Road areas
<u>Day 2 (Wednesday, April 2)</u>	Country Club Road and Ivanhoe Drive areas
